Rove Concepts

Harper Bed

Floating becomes an illusion with the creative support of solid stainless steel legs and imaginative design of an extremely wide-set and low frame. Inspired by Italian home design, Harper's fully upholstered frame is made from quality materials like California Phase 2 compliant MDF and durable fabrics. Subtle details, such as the slight wrap-around of the headboard, are the small features that make Harper a unique piece for the home. Harper's sophisticated representation of stylish modern design is available in King or Queen.
