Rove Concepts

Asher Bed

Asher's seamless joinery and beautiful walnut or ash veneer are inspired by the design of traditional teak Danish mid-century masterpieces. Carefully crafted and delicately sculpted, the frame is beveled with 45-degree edges that fall towards the center, encapsulating the security of the headboard. At the base, which sits wide above slim tapered solid wood legs, the complementary edges gently slope outwards, gradually bringing you down into deeper, dramatic slumber. The Asher Bed is available in King or Queen and is part of a five-piece set that completes the classic mid-century modern dream.
